Fellow Lions,

Amazing as it seems, 2019 has arrived. Happy New Year wishes to you all. Congratulations on the giving away of 10,000 meals to Vermonters in need! Also, nearly 22,000 Children screened for vision difficulties so far this year. There is something to celebrate. We are turning around people’s lives every day!!

I want to talk about some resolutions that I know we can keep – together – as the strong Lions of D45. To start, I would like you to look back and remember all the wonderful experiences that have happened, friends we have met and people’s smiles and eyes that said ‘Thank You’, the neighbors you have helped and the people who come to us because they know we are Lions and Lions are always there. Let’s share that experience!

Next let’s look at how we can ensure that this great work continues and get others to join us – becoming Lions and making a difference in a world that **needs us more each day.....**

- Remember your friend who has just retired and is looking for a way to continue to make a contribution in the community by using their skills and their passions.....

**ASK THEM TO BE LIONS**

- Find new people who have just moved into your area and want to get to know their neighbors.....

**ASK THEM TO BE LIONS**

- Connect with a group of neighbors who already share a passion (supporting Special Olympics, work with Veterans, children who are in care, etc).....

**ASK THEM TO BE LIONS**

- Make contact with a local High School or College who has students who want to do community service and make a difference.....

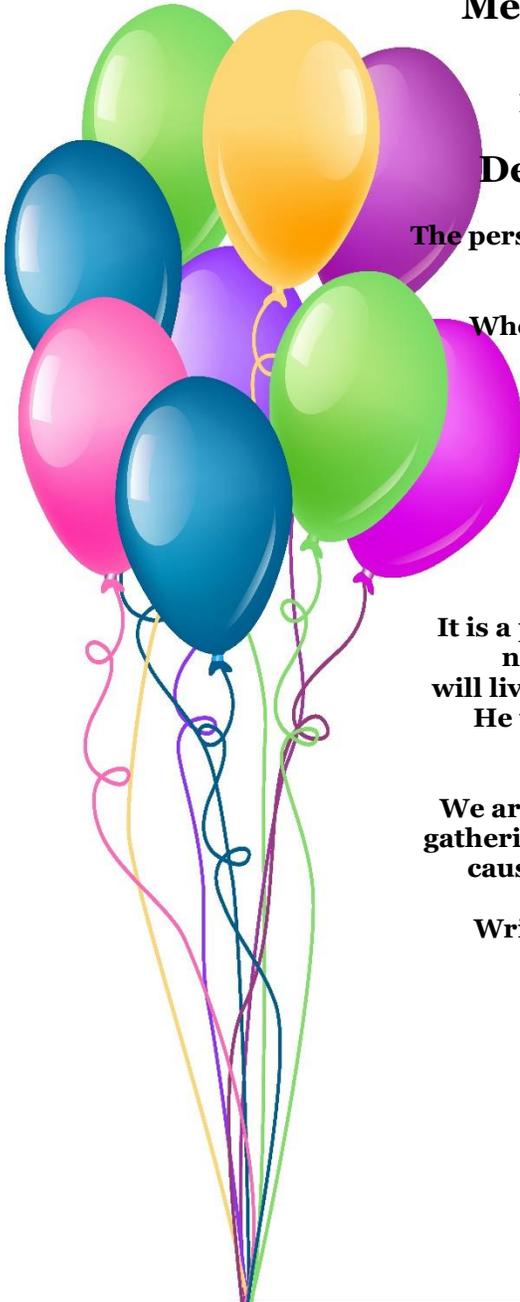

**ASK THEM TO BE LEOS / LIONS**

Already 18 clubs across the State have added 1 or more new members. It can be done! New members bring new ideas of what is needed, new passions, new strengths, a new vision of the future **AND NEW MEMBERS BRING MORE NEW MEMBERS** and adds to our ability to do more service.

We are holding our own at the moment, as far as numbers go, but I know we can do better. Talk among yourselves at your Club with your Membership Chair, ask for help from neighboring Clubs who have had some success at finding new members and also contact your Zone Chair, planning joint events and supporting each other. Tell the world about your successes through the My Lion app, Communique, newspaper reports, local TV, free newspapers and please tell LCI .

TOGETHER We Serve,

*DG Liz*

**Happy Birthday to  
Melvin Jones on January 13<sup>th</sup>**

Taken from the diary of our first  
President of LCI: William Woods

**Definition of a True Lion**

**The person who is clean inside and outside –  
Who neither looks up to the  
rich or down to the poor  
Who can lose without squealing and  
win without bragging  
Who is considerate to his  
brother and  
assist him in his  
struggle for success  
Who is too brave to lie,  
too generous to cheat and  
too sensible to loaf.**

**It is a poor species of humanity that does  
not desire to do some good that  
will live beyond the limits of this own life.  
He that helps others, helps himself.**

**We are not just another group of people,  
gathering together to raise money for good  
causes, we are more – We are Lions.**

**Write your own definition of a Lion  
by what you do every day.**

**Together We Serve**

**HAPPY**

**BIRTHDAY!**

Hello, fellow District 45 Lions,

Hope everyone had a great holiday season. And the new year has started off right. It appears that Mother Nature has finally decided to have winter weather at the right time of the year.

As you are reading this as part of the January 2019 communique, another successful cabinet meeting as part of DG Liz's year has been completed. And another successful service project, the preparation of 10,000 macaroni and cheese meals have been completed and are on their way to be delivered to local food banks or to the Vermont Food Bank.

We are doing great things here in District 45. Membership is up. Many service activities are being completed. Our 'visionaries' are out in the District screening our youth. Keep up the good work!!!!

One thing I do need help from everyone is making sure our own personal contact information is correct with Lions Club International. I would like all members to work with their club secretary's (and our club secretaries to work with our membership) to make sure the following information is correct:

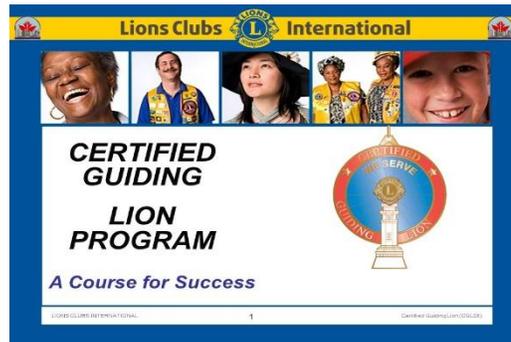

**Mailing address, main contact number (home or cell), email addresses.**

This information is very important to be correct as 1) Lions Club International mails out Lions Magazine every 3 months but emails out Lions Quarterly newsletters; 2) our District 45 communique is sent out to all of our members via email and 3) there is 'snail' mail that is sent out to membership at various times through the year. And of course, correct phone numbers are always needed when phone calls are needed to be made.

So please, make sure your information is updated. Myself and other fellow Lions appreciate such.

Looking forward to 2019.  
In Lionism,  
VDG Ken

## Guiding Lion Training is Coming...

District 44N will be holding a Guiding Lion Training on Saturday, February 9, 8 am at Delta Dental Concord, NH

Once trained, you may consider becoming a Guiding Lion to a club near you. There are clubs that could use a little extra help.

Being a Guiding Lion offers Lions the opportunity to step outside of their own clubs and meet, work and have fun with other dedicated Lions who could benefit from your Lions Pride and Knowledge. Your work could make a club stronger.

Stronger clubs = a larger impact for our communities

This training will provide you with valuable information on how to:

- Strengthen and grow any club
- Help with conflict resolution
- Make meetings more fun and exciting
- Have better service projects

Please consider attending the Guiding Lion Training. Whether you want to assist another club or use the training to make your club even better. The more Guiding Lions we have, the more it helps our District and our communities.

For more information or to sign up please contact PCC Christine Greenwood ([cgreenwood@walpolebank.com](mailto:cgreenwood@walpolebank.com)) or PDG Eric Lindberg ([ericlindberg@me.com](mailto:ericlindberg@me.com))

We look forward to seeing you then!

The Green Mountain Lions Camp is a camp that Vermont Lions District 45 host for children who are deaf or hard of hearing welcoming their siblings and friends (even if not deaf or hearing impaired). This camp allows these children the ability to enjoy the pleasures of a summer camp, providing unique opportunities for them to participate in activities which might not be otherwise available for them. Vermont Lions District 45 make sure to have barbecues, picnics, excursions and other summertime enjoyments available for them.

Again, this year's camp will be held at our new location, Covenant Hills Christian Camp, located just off Route 2 in Cabot. At this location, the children will enjoy hiking trails, fields to play on, a barn for indoor activities, a craft cabin, waterfront swimming and boating and much, much more. Memories are to be made and forever friendships are formed. It is hoped that the camp will remain at this same location for many, many years.

**Londonderry Area Tri-Mtn Lions** donate \$200.00 to local student Olav Pajala for his tuition for STEM Camp at Babson College in Wellesley Ma. this summer.

Floodbrook 6<sup>th</sup> grade student gave a presentation to the local Lions Club describing his past experience and what he is looking forward to at this summer's STEM (Science, Technology, Engineering & Math) Camp. When a student is accepted they are responsible for the tuition, his goal is to earn \$200.00 per month. He has been baking and selling Star Wars cookies and reaching out to friends and relatives to reach his goal.

Tri-Mtn Lions donated \$200.00.

The following is a description of the camp Olav will be attending. Explore the Frontiers of Science and Technology with a Mission to Mars

NYLF Explore STEM is a unique learning experience for bright, forward-thinking middle school students who will evolve into our next generation of innovators, engineers, doctors, forensic scientists, mathematicians, and physicists.

During this six-day immersive experience, students learn by doing as they take part in hands-on simulations, workshops, and competitions, while making new friends and having unforgettable adventures as they plan for a "Mission to Mars." Few fields are more important to the future of mankind than STEM—science, technology, engineering, and math—and few show as much promise for future career opportunities. Virtually all career fields today require a solid foundation of STEM, and that's precisely why these are the fastest growing areas of study—and the reason that STEM professionals are in the highest demand throughout the world.

## MyLion Action Plan for Lions Clubs Leaders

Changing the world just got easier with MyLion, the free mobile app that helps Lions connect at the club level and beyond. As a club or district leader, Lions Clubs International is relying on you to start using the MyLion mobile app and inspire other members to do the same.

Please follow the Action Plan outlined below, using the resources provided in our online toolkit.

### 1 Download MyLion at MyLion.org.

Once it's on your smartphone or tablet, you'll see how MyLion can make your role as an officer easier, from reaching your entire membership instantly to sharing your successes around the world.

### 2 Create your personal profile and upload a club picture.

It's easy! All you need is a photo and short bio. Just follow the instructions in the app, or link to these blog posts for extra help:

- [The Power of the Profile](#)
- [How can I edit my Club's MyLion profile?](#)

### 3 Verify MyLCI contact information.

Make sure all member email addresses, phone numbers, and street addresses are up to date.

### 4 Designate a MyLion advocate.

Put someone in charge of making sure all your members download and use MyLion. This person doesn't need technical expertise, just a general knowledge about MyLion and how to download it on a compatible smartphone or tablet.

### 5 Start telling your members to use the app.

Make it even easier for them by providing them with their Member ID, which is required for registration as a member. You can also sign in as a guest.

### 6 Call a special MyLion meeting.

Get everyone in your club together to download MyLion and walk through all its features. To download, be sure your meeting space has WiFi so you can connect to the Internet. We've put together everything you need in our MyLion Leader Toolkit:

- [Sample email invitations and social media posts](#)
- A MyLion [overview PowerPoint](#).
- MyLion [training materials](#)
- A printable [QuickStart Guide](#) you can give to each club member

#### You can also add a fun incentive for members who come to your meeting and download and register on MyLion.

Choose from a wide selection of promotional items, such as T-shirts, phone chargers, selfie sticks, and Popsocket phone holders.

[ORDER NOW!](#)

And finally, if your club is located in the U.S. and Canada, MyLion Support staff may be available to virtually attend your MyLion meeting to help guide the registration process and answer any questions. To make arrangements, please contact MyLion Support at [mylion@lionsclubs.org](mailto:mylion@lionsclubs.org) or call 630 468 7000 on weekdays between 8 a.m. and 6 p.m. CST.

Thank you so much for your advocacy on behalf of MyLion. If you have any questions, please email MyLion Support at [mylion@lionsclubs.org](mailto:mylion@lionsclubs.org).
